Subject: RE: Stip of Expected Testimony (UNCLASSIFIED)

Angel,

Thank you for getting back to me on this in a timely manner. I accepted all of the changes except for the "limited purposes of the motion" language. I eliminated this language because the stip of expected testimony is not for the purposes of the motion. It is my understand that COL Lind has already determined that Mr. Cindrich would be relevant. However, due to his concerns about being associated with the case, she wanted us to see if we could enter into a stip of expected testimony. If I am wrong about this, you obviously can still object to the relevance of Mr. Cindrich. In other words, entering into a stip of expected testimony does not admit to the relevance or the admissibility of the information contained in the stip.

Let me know if you have any issues with this COA.

Angel,

I have attached a stipulation of expected testimony based upon our conversation with Mr. Cindrich and the latest version of his declaration.

Although Mr. Cindrich confirmed the facts regarding LTC Willis and CPT Tooman's second RFI during our conversation, I have attached the relevant email as additional support for your benefit. Let me know if you have any questions.

Angel,

I think your proposed changes sound fair. However, I think we should tweak the language to be consistent within the paragraph. Your last sentence says "either" meaning that to his knowledge CALL was not tasked to conduct a rapid adaption process or a detailed case study. What do you think of the following:

8. Although CALL is the center for the Army's lessons learned, each unit or major command has the ability to capture its own lessons learned without sharing that information with CALL. To my knowledge, CALL was not asked to perform a rapid adaption process in this case. If CALL was not asked to perform a rapid adaption process in this case, it was because either the information leaked did not warrant a rapid adaption response or the Army eliminated the need for a rapid adaption process by taking immediate steps to address any issues presented by the leaks. If a rapid adaption was not requested, CALL could have also completed a detailed case study. To my knowledge, CALL was not asked to complete a detailed case study on the leaks in this case either.

If this above look good, then I am fine with signing the statement.

Best,

David

David,

I see your point in distinguishing between the rapid adaption process and the detailed case study. What if we just eliminate the timing portion? I think that would also eliminate the need to call Mr. Cindrich again.

Below, I deleted the timing portions and added the standard language that Mr. Cindrich found acceptable (i.e., not definitively knowing whether or not CALL was asked to do any work or in fact did perform any work).

8. Although CALL is the center for the Army's lessons learned, each unit or major command has the ability to capture its own lessons learned without sharing that information with CALL. If CALL was not asked to perform a rapid adaption process in this case, I do not know the reason. It is possible that if CALL did not perform a rapid adaption process in this case, it was because either the information leaked did not warrant a rapid adaption response or the Army eliminated the need for a rapid adaption process by taking immediate steps to address any issues presented by the leaks. If a rapid adaption was not requested, CALL could have also completed a detailed case study. To my knowledge, CALL was not asked to complete a detailed case study on the leaks in this case either.

Please let me know if this is acceptable. If so, I will paste it in, sign it, and send it to you. Thank you.

Subject: RE: Stip of Expected Testimony (UNCLASSIFIED)

Angel,

I think we are close.

Mr. Cindrich did agree that it was possible that "If CALL did not perform a rapid adaption process, it may have been because the Army immediately addressed the issue of the leaks after they happened." He made this statement in a response to one of your questions. As such, I think it is fair to add this to the stipulation.

I do have some issues with the other additions as I believe that they give a false impression of what the actual facts are and what Mr. Cindrich would testify to if called as a witness:

1) "CALL is just one of the many sources for lessons learned in the Army."

CALL (Center for Army Lessons Learned) is the source for lessons learned in

the Army. Obviously, each unit may also do a lessons learned on their own

if they wish. If that is what you are aiming for, I would not object to including something along the lines that "although CALL is the source for lessons learned in the Army, each unit or major command has the ability to capture its own lessons learned."

2) "It takes several months to complete a CALL study." While this may be true, this does not comport with what Mr. Cindrich would testify to about a rapid adaption process. The rapid adaption process is separate from a CALL case study. Mr. Cindrich would testify that the rapid adaption process does not take several months to complete.

Given the above, I would agree to the following:

8. Although CALL is the center for the Army's lessons learned, each unit or major command has the ability to capture its own lessons learned without sharing that information with CALL. I do not know why CALL was not asked to perform a rapid adaption process in this case. It is possible that CALL did not perform a rapid adaption process in this case because either the information leaked did not warrant a rapid adaption response or the Army eliminated the need for a rapid adaption process by taking immediate steps to address any issues presented by the leaks. If CALL had been requested to complete a rapid adaption process, this could have been completed by CALL in a matter of days or weeks. If a rapid adaption was not requested, CALL could have also competed a detailed case study. A detailed case study can take several months to complete. To my knowledge, CALL was not asked to complete a detailed case study on the leaks in this case either.

Let me know what you think about the above. I do not object to another conference call with Mr. Cindrich if you believe one is necessary.

Best,

David

We initially reviewed the Stipulation with the view that it was going to be used in support of the defense motion, not that it was going to potentially be used at trial. Upon a secondary review with the view that the Stipulation would potentially being admissible at trial, we added a couple of lines to include what we would potentially elicit on cross examination if Mr.

Cindrich was called during the merits or sentencing. I think the additions were discussed during our phone call with Mr. Cindrich. We will sign the attached Stipulation if it is agreeable to the defense. The additions are tracked. Please let me know if you have any issues with the additions. Thank you.

Subject: Stip of Expected Testimony

Angel,

I have attached a stipulation of expected testimony based upon our conversation with Mr. Cindrich and the latest version of his declaration. Although Mr. Cindrich confirmed the facts regarding LTC Willis and CPT Tooman's second RFI during our conversation, I have attached the relevant email as additional support for your benefit. Let me know if you have any questions.

Best,
David

David,

That schedule works and we will support it. We will also have classified binders ready that morning with all the charged documents, separated by dataset/specification. We intend to have them marked as appellate exhibits that way he could review them and be able to reference them with the Court. They will have BATES numbers on them. If you would like to review them Monday afternoon, we can have them available ahead of time.

We will need to meet with him in order to have him review the charged documents again. This is something that we could likely do towards the end of the day on Tuesday. I recommend that we go as planned, but then break for the day around 1500. How does that sound to you? BTW, are we starting

at 0900 or 1000?

COL Lind,

Good evening. The prosecution just received the newest convening order (CMCO 2, 22 Feb 12-attached). As you will see, this order supersedes the previous order and United States will ensure this is reflected in the script.

Tom,

Josh Tooman and I coordinated. We have reserved 1000-1130EST to speak with you and then the defense will speak with you from 1130-1300EST. You will be able to conduct both SVTCs from NORTHCOM. Thank you, and we will speak with you Tuesday.

Safe travels.

Angel,

Thank you for getting back to me on this in a timely manner. I accepted all of the changes except for the "limited purposes of the motion" language. I eliminated this language because the stip of expected testimony is not for the purposes of the motion. It is my understand that COL Lind has already determined that Mr. Cindrich would be relevant. However, due to his concerns about being associated with the case, she wanted us to see if we could enter into a stip of expected testimony. If I am wrong about this, you obviously can still object to the relevance of Mr. Cindrich. In other words, entering into a stip of expected testimony does not admit to the relevance or the admissibility of the information contained in the stip. Let me know if you have any issues with this COA.

David

David,

I made a couple minor changes, which I think more accurately reflect what Mr. Cindrich would say. In addition, I added that the Stipulation was for the limited purpose of the defense motion. Please let me know if you have any issues with the changes. Thank you!

We have no witness issues right now. We should be able to speak with the CENTCOM witnesses while down there, and I believe we will be able to cover the classified interviews we have left with the security experts already detailed to the defense team. Sorry for not conveying this

I received your note about LtCol (Retired) Nehring. We should be able to fit all of our questions in those parameters. He's our first scheduled meeting (0900 tomorrow). I will speak with him today in order to determine the location. (He can't even go inside the Visitors Center? That's where he's scheduled to be now.) I imagine it will be at some MacDill AFB park, weather permitting. Our hotel is too far away from CENTCOM HQ to have our meeting there as scheduled and make it to the next appointment we have.

Call me on my cell if you need me whilst I am in Tampa. 703-209-8061

Thanks for your consideration of this matter. I hate to be responsible for additional personnel being brought in to perform additional duties, but it is probably best for the parties to avoid unnecessary confrontation about travel.

MAJ Hurley,

This afternoon I discussed the potential effects of this with Chief Parra and realizing that one of our paralegals would be in your approving chain, I asked Chief Chandler and Chief Parra to reevaluate the best method to process your travel requests, which does not include a member of the prosecution in this case approving/disapproving your travel or having any other role in your travel.

They decided that it would be more efficient and appropriate for the main office to process your travel vice the prosecution. Please submit any questions or comments about travel, including issues with DTS to Ms. Autry and Ms. McCoy (CCed) as your reviewing officials. Chief Chandler and Maj Koblentz, USAF (CCed) are your approving officials.

Thank you!

Sir,

As per the e-mail traffic below, a decision has been made l regards to your request for support by COL Bradley. MDW will take care of the costs associated with your TDY in support of this case. FYSA, I will be the approving official for all travel when using the US v. Manning LOA. Thus, if you have any questions please do not reach out to your command as they do not control the reviewing or approval processes with this LOA. The LOA is labeled "13 US v MAN" and it should be located under your CrossOrg accounting labels. The LOA is loaded already in your profile so you can schedule your travel at your convenience. Thank you.

Mr. Parra,

Please inform MAJ Hurley that COL Bradley spoke directly with COL Cullen about the ambiguity in the regulation, rather than waiting for MAJ Hurley to run this issue up through TDS channels. COL Bradley suggested that we will fund MAJ Hurley's travel under the circumstances of this case.

They agreed that a gaining organization would obviously not be responsible for travel costs incurred by a defense counsel who had been previously detailed, but that it was a policy decision on whether it would be better for USATDS to continue to be responsible after a PCS from USATDS or whether the burden should automatically shift to the convening authority as it would in the case where the IMC was not assigned to TDS when appointed.

Since the entire cost assessed for these court-martial proceedings will ultimately be analyzed and executed by the Army Budget Office IAW HQDA EXORD 206-11, it makes more practical sense to consolidate the costs at this Headquarters rather than require USATDS to submit a UFR for any extraordinary costs (i.e., a second non-TDS IMC detailed for this complex case) or require another IMC request to be processed through this GCMCA to determine "reasonable availability" from the perspective of the gaining organization.

Accordingly, please add MAJ Hurley to the line of accounting as quickly as possible to ensure he can complete any related travel without delay. As CPT Tooman remains assigned to TDS, his LOA remains at TDS. In addition, please make any necessary coordination with the TDS legal administrator as well.

Please contact me if you have any questions.

Gentlemen,

Below is the issue we discussed in regards to funding of TDS counsel in the case of US v. Manning. As far as the information you requested, MAJ Hurley was requested as an IMC in 25 April 2012. When the IMC request was approved by the CA he was part of TDS. MAJ Hurley was assigned to the Military Commissions on 2 July 2012. As far as CPT Tooman is concerned he was requested as an IMC but has never left TDS and is currently assigned to the TDS office at Ft. Belvoir.

I don't mean to brag, and I don't mean to boast, but I qualify under both prongs of that regulatory language. (IMC'd in June - left TDS in July.) I would go farther and say that the CA should pay for the travel of both CPT

Tooman and myself because we are both post-referral IMC requests that were granted by the CA. But CPT Tooman and TDS can work that out internally or with the CA or his designated rep (I'm guessing that's you).

Anyway. My SSN is 444-86-6197. Please tell me when it's loaded.

MDW does not fund TDS attorneys' travel for this case or any other. The only funding we provide is for the TDS experts who are unique to this case, and appointed by the CA, because of its complexity and its requirements. Please reach back to HQ, TDS for TDY support and if they have any funding issues, due to shrinking budgets or other scenarios, have their legal administrator get a hold of me so we can discuss other avenues. We have no witness issues right now. We should be able to speak with the CENTCOM witnesses while down there, and I believe we will be able to cover the classified interviews we have left with the security experts already detailed to the defense team. Sorry for not conveying this

I received your note about LtCol (Retired) Nehring. We should be able to fit all of our questions in those parameters. He's our first scheduled meeting (0900 tomorrow). I will speak with him today in order to determine the location. (He can't even go inside the Visitors Center? That's where he's scheduled to be now.) I imagine it will be at some MacDill AFB park, weather permitting. Our hotel is too far away from CENTCOM HQ to have our meeting there as scheduled and make it to the next appointment we have.

Sir,

As per the e-mail traffic below, a decision has been made I regards to your request for support by COL Bradley. MDW will take care of the costs associated with your TDY in support of this case. FYSA, I will be the approving official for all travel when using the US v. Manning LOA. Thus, if you have any questions please do not reach out to your command as they do not control the reviewing or approval processes with this LOA. The LOA is labeled "13 US v MAN" and it should be located under your CrossOrg accounting labels. The LOA is loaded already in your profile so you can schedule your travel at your convenience. Thank you.

Mr. Parra,

Please inform MAJ Hurley that COL Bradley spoke directly with COL Cullen about the ambiguity in the regulation, rather than waiting for MAJ Hurley to run this issue up through TDS channels. COL Bradley suggested that we will fund MAJ Hurley's travel under the circumstances of this case.

They agreed that a gaining organization would obviously not be responsible for travel costs incurred by a defense counsel who had been previously detailed, but that it was a policy decision on whether it would be better for USATDS to continue to be responsible after a PCS from USATDS or whether the burden should automatically shift to the convening authority as it would in the case where the IMC was not assigned to TDS when appointed.

Since the entire cost assessed for these court-martial proceedings will ultimately be analyzed and executed by the Army Budget Office IAW HQDA EXORD 206-11, it makes more practical sense to consolidate the costs at this Headquarters rather than require USATDS to submit a UFR for any extraordinary costs (i.e., a second non-TDS IMC detailed for this complex case) or require another IMC request to be processed through this GCMCA to determine "reasonable availability" from the perspective of the gaining organization.

Accordingly, please add MAJ Hurley to the line of accounting as quickly as possible to ensure he can complete any related travel without delay. As CPT Tooman remains assigned to TDS, his LOA remains at TDS. In addition, please make any necessary coordination with the TDS legal administrator as well.

Please contact me if you have any questions.

Gentlemen,

Below is the issue we discussed in regards to funding of TDS counsel in the case of US v. Manning. As far as the information you requested, MAJ Hurley was requested as an IMC in 25 April 2012. When the IMC request was approved by the CA he was part of TDS. MAJ Hurley was assigned to the Military Commissions on 2 July 2012. As far as CPT Tooman is concerned he was requested as an IMC but has never left TDS and is currently assigned to the TDS office at Ft. Belvoir.

I would direct your attention to AR 27-10, paragraph 6-5(b)(4). Therein, it is indicated that "convening authorities will continue to fund...the appearance of individual military counsel not currently assigned to TDS."

I don't mean to brag, and I don't mean to boast, but I qualify under both prongs of that regulatory language. (IMC'd in June - left TDS in July.) I would go farther and say that the CA should pay for the travel of both CPT Tooman and myself because we are both post-referral IMC requests that were granted by the CA. But CPT Tooman and TDS can work that out internally or with the CA or his designated rep (I'm guessing that's you).

Anyway. My SSN is 444-86-6197. Please tell me when it's loaded.

Thanks.

Sir,

MDW does not fund TDS attorneys' travel for this case or any other. The only funding we provide is for the TDS experts who are unique to this case, and appointed by the CA, because of its complexity and its requirements. Please reach back to HQ, TDS for TDY support and if they have any funding issues, due to shrinking budgets or other scenarios, have their legal administrator get a hold of me so we can discuss other avenues. If you have further questions please feel free to contact me at your convenience.

MAJ Hurley,

Good evening. We finally received an answer late Friday on what is required for LtCol(Ret) Nehring and his clearance. Because neither the government nor defense will be sharing any classified information that he already has not been privy to, all he needs to do is sign a new NDA and we keep it on file. We are coordinating with CENTCOM to see if they can have him execute a new NDA before your meeting.

1. When is your meeting with him scheduled this week?

2. He will not be authorized to enter CENTCOM HQ, therefore where will you have your meeting with him?

Thanks!

Also, aren't we in the same space that we are with Mr. Lamo? Just asking him about his knowledge and actions while neither confirming nor denying what he is telling us?

Finally, doesn't the fact of his retirement (as opposed to ETS'ing) matter? He's still subject to the code (sort of).

MAJ Hurley,

We agree that you can discuss with Mr. Nehring's his involvement in this case, so long as you do not discuss the contents of the classified SIGACTs. Although his expected testimony is based on a portion of the SIGACTs, he should be able to discuss process and generalities about what he did to review the SIGACTs. Without proper authorization, we cannot share classified information with him, therefore neither party can discuss the actual SIGACTs.

We are working to figure out who would grant him access to the information now that he is fully retired and not working at CENTCOM any longer. Being retired should speed up the process. Also, once he is granted access, we also have to coordinate to allow him into a government facility to actually view and discuss the information.

All

I was speaking with Cass about this topic this morning. Couldn't Mr. Nehring just speak about what he knows if he is told he can speak with us?

Also, aren't we in the same space that we are with Mr. Lamo? Just asking him about his knowledge and actions while neither confirming nor denying what he is telling us?

Finally, doesn't the fact of his retirement (as opposed to ETS'ing) matter? He's still subject to the code (sort of).

Anyway...just trying to imagine workarounds.

Defense,

This week, I spoke with MAJ Hurley and CPT Tooman separately about requesting an additional security expert to assist the defense with interviews between now and 22 February. If this is something you would like or need, please submit a written request with detailed justification as soon as possible. The prosecution will fully support the request and expeditiously move it forward for action, but the justification must be detailed and include why your two experts are not adequate for this period. I am optimistic that the request will be fulfilled, so long as the request is for a third expert to assist with getting through the next few weeks for your interviews.

Please let me know if you have any questions.

CPT Tooman,

A Mount Image Dongle looks like a very small (about 1 inch long) USB stick on a nylon lanyard. The USB connector is a Mini-B type. They should have a rubber cap and sleeve on them, making them each about 1"x1/4"x1/4" rectangular sticks.

I have attached a picture in case I am over-describing it.

Thank you, Sir.

Good morning, Sir,

In an attempt to alleviate any possible confusion, I am a Paralegal NCO working for MAJ Fein.

I am emailing you in regards to a pair of Dongles that TDS has signed for from us. MAJ Kemkes originally signed for them, and CW2 Parra told me that you may have taken all of the equipment with you when you were brought onto the case.

If you could verify that you are in possession of the Mount Image Dongles, and their numbers (M06, M08), I would greatly appreciate it.

Thank you, Sir.

Gents,

The reason for this request is that US Army CID is conducting a 100% inventory of their equipment because of a new hand-receipt holder, and we have been asked to account for signed property. Thanks!

CPT Tooman,

A Mount Image Dongle looks like a very small (about 1 inch long) USB stick on a nylon lanyard. The USB connector is a Mini-B type. They should have a rubber cap and sleeve on them, making them each about 1"x1/4"x1/4" rectangular sticks.

I have attached a picture in case I am over-describing it.

Thank you, Sir.

Good morning, Sir,

In an attempt to alleviate any possible confusion, I am a Paralegal NCO working for MAJ Fein.

I am emailing you in regards to a pair of Dongles that TDS has signed for from us. MAJ Kemkes originally signed for them, and CW2 Parra told me that you may have taken all of the equipment with you when you were brought onto the case.

If you could verify that you are in possession of the Mount Image Dongles, and their numbers (M06, M08), I would greatly appreciate it.

Thank you, Sir.

This week, I spoke with MAJ Hurley and CPT Tooman separately about requesting an additional security expert to assist the defense with interviews between now and 22 February. If this is something you would like or need, please submit a written request with detailed justification as soon as possible. The prosecution will fully support the request and expeditiously move it forward for action, but the justification must be detailed and include why your two experts are not adequate for this period. I am optimistic that the request will be fulfilled, so long as the request is for a third expert to assist with getting through the next few weeks for your interviews.

Please let me know if you have any questions.

Mr. Prather

I am wondering if you are available to assist the Defense next week with a witness interview. The Court's protective order requires us to have a security expert with us any time we are going to discuss classified information with a witness. The Department of State has offered two times during which we can interview Ambassador Kennedy, one of the Government's witnesses: 13 FEB, 1300-1400 or 14 FEB, 1330-1430. Are you available and willing to assist at either of those times? If so, I will request permission from the Court to have you accompany us.

They decided that it would be more efficient and appropriate for the main office to process your travel vice the prosecution. Please submit any questions or comments about travel, including issues with DTS to Ms. Autry and Ms. McCoy (CCed) as your reviewing officials. Chief Chandler and Maj Koblentz, USAF (CCed) are your approving officials.

Sir,

As per the e-mail traffic below, a decision has been made l regards to your request for support by COL Bradley. MDW will take care of the costs associated with your TDY in support of this case. FYSA, l will be the approving official for all travel when using the US v. Manning LOA. Thus, if you have any questions please do not reach out to your command as they do not control the reviewing or approval processes with this LOA. The LOA is labeled "13 US v MAN" and it should be located under your CrossOrg accounting labels. The LOA is loaded already in your profile so you can schedule your travel at your convenience. Mr. Parra,

Please inform MAJ Hurley that COL Bradley spoke directly with COL Cullen about the ambiguity in the regulation, rather than waiting for MAJ Hurley to run this issue up through TDS channels. COL Bradley suggested that we will fund MAJ Hurley's travel under the circumstances of this case.

They agreed that a gaining organization would obviously not be responsible for travel costs incurred by a defense counsel who had been previously detailed, but that it was a policy decision on whether it would be better for USATDS to continue to be responsible after a PCS from USATDS or whether the burden should automatically shift to the convening authority as it would in the case where the IMC was not assigned to TDS when appointed.

Since the entire cost assessed for these court-martial proceedings will ultimately be analyzed and executed by the Army Budget Office IAW HQDA EXORD 206-11, it makes more practical sense to consolidate the costs at this Headquarters rather than require USATDS to submit a UFR for any extraordinary costs (i.e., a second non-TDS IMC detailed for this complex case) or require another IMC request to be processed through this GCMCA to determine "reasonable availability" from the perspective of the gaining organization.

Accordingly, please add MAJ Hurley to the line of accounting as quickly as possible to ensure he can complete any related travel without delay. As CPT Tooman remains assigned to TDS, his LOA remains at TDS. In addition, please make any necessary coordination with the TDS legal administrator as well.

Please contact me if you have any questions.

Gentlemen,

Below is the issue we discussed in regards to funding of TDS counsel in the case of US v. Manning. As far as the information you requested, MAJ Hurley was requested as an IMC in 25 April 2012. When the IMC request was approved by the CA he was part of TDS. MAJ Hurley was assigned to the Military Commissions on 2 July 2012. As far as CPT Tooman is concerned he was requested as an IMC but has never left TDS and is currently assigned to the TDS office at Ft. Belvoir.

I would direct your attention to AR 27-10, paragraph 6-5(b)(4). Therein, it

is indicated that "convening authorities will continue to fund...the appearance of individual military counsel not currently assigned to TDS."

I don't mean to brag, and I don't mean to boast, but I qualify under both prongs of that regulatory language. (IMC'd in June - left TDS in July.) I would go farther and say that the CA should pay for the travel of both CPT Tooman and myself because we are both post-referral IMC requests that were granted by the CA. But CPT Tooman and TDS can work that out internally or with the CA or his designated rep (I'm guessing that's you).

Anyway. My SSN is 444-86-6197. Please tell me when it's loaded.

Thanks.

Sir,

MDW does not fund TDS attorneys' travel for this case or any other. The only funding we provide is for the TDS experts who are unique to this case, and appointed by the CA, because of its complexity and its requirements. Please reach back to HQ, TDS for TDY support and if they have any funding issues, due to shrinking budgets or other scenarios, have their legal administrator get a hold of me so we can discuss other avenues. Mr. Prather

I am wondering if you are available to assist the Defense next week with a witness interview. The Court's protective order requires us to have a security expert with us any time we are going to discuss classified information with a witness. The Department of State has offered two times during which we can interview Ambassador Kennedy, one of the Government's witnesses: 13 FEB, 1300-1400 or 14 FEB, 1330-1430. Are you available and willing to assist at either of those times? If so, I will request permission from the Court to have you accompany us.

Thanks,

Josh

This afternoon I discussed the potential effects of this with Chief Parra and realizing that one of our paralegals would be in your approving chain, I asked Chief Chandler and Chief Parra to reevaluate the best method to process your travel requests, which does not include a member of the prosecution in this case approving/disapproving your travel or having any other role in your travel.

They decided that it would be more efficient and appropriate for the main office to process your travel vice the prosecution. Please submit any questions or comments about travel, including issues with DTS to Ms. Autry and Ms. McCoy (CCed) as your reviewing officials. Chief Chandler and Maj Koblentz, USAF (CCed) are your approving officials.

Sir,

As per the e-mail traffic below, a decision has been made l regards to your request for support by COL Bradley. MDW will take care of the costs associated with your TDY in support of this case. FYSA, I will be the approving official for all travel when using the US v. Manning LOA. Thus, if you have any questions please do not reach out to your command as they do not control the reviewing or approval processes with this LOA. The LOA is labeled "13 US v MAN" and it should be located under your CrossOrg accounting labels. The LOA is loaded already in your profile so you can schedule your travel at your convenience. Mr. Parra,

Please inform MAJ Hurley that COL Bradley spoke directly with COL Cullen about the ambiguity in the regulation, rather than waiting for MAJ Hurley to run this issue up through TDS channels. COL Bradley suggested that we will fund MAJ Hurley's travel under the circumstances of this case.

They agreed that a gaining organization would obviously not be responsible for travel costs incurred by a defense counsel who had been previously detailed, but that it was a policy decision on whether it would be better for USATDS to continue to be responsible after a PCS from USATDS or whether the burden should automatically shift to the convening authority as it would in the case where the IMC was not assigned to TDS when appointed.

Since the entire cost assessed for these court-martial proceedings will ultimately be analyzed and executed by the Army Budget Office IAW HQDA EXORD 206-11, it makes more practical sense to consolidate the costs at this Headquarters rather than require USATDS to submit a UFR for any extraordinary costs (i.e., a second non-TDS IMC detailed for this complex case) or require another IMC request to be processed through this GCMCA to determine "reasonable availability" from the perspective of the gaining organization.

Accordingly, please add MAJ Hurley to the line of accounting as quickly as possible to ensure he can complete any related travel without delay. As CPT Tooman remains assigned to TDS, his LOA remains at TDS. In addition, please make any necessary coordination with the TDS legal administrator as well.

Please contact me if you have any questions.

Gentlemen,

Below is the issue we discussed in regards to funding of TDS counsel in the case of US v. Manning. As far as the information you requested, MAJ Hurley was requested as an IMC in 25 April 2012. When the IMC request was approved

by the CA he was part of TDS. MAJ Hurley was assigned to the Military Commissions on 2 July 2012. As far as CPT Tooman is concerned he was requested as an IMC but has never left TDS and is currently assigned to the TDS office at Ft. Belvoir.

I would direct your attention to AR 27-10, paragraph 6-5(b)(4). Therein, it is indicated that "convening authorities will continue to fund...the appearance of individual military counsel not currently assigned to TDS."

I don't mean to brag, and I don't mean to boast, but I qualify under both prongs of that regulatory language. (IMC'd in June - left TDS in July.) I would go farther and say that the CA should pay for the travel of both CPT Tooman and myself because we are both post-referral IMC requests that were granted by the CA. But CPT Tooman and TDS can work that out internally or with the CA or his designated rep (I'm guessing that's you).

Sir,

MDW does not fund TDS attorneys' travel for this case or any other. The only funding we provide is for the TDS experts who are unique to this case, and appointed by the CA, because of its complexity and its requirements. Please reach back to HQ, TDS for TDY support and if they have any funding issues, due to shrinking budgets or other scenarios, have their legal administrator get a hold of me so we can discuss other avenues. Sir,

MDW does not fund TDS attorneys' travel for this case or any other. The only funding we provide is for the TDS experts who are unique to this case, and appointed by the CA, because of its complexity and its requirements. Please reach back to HQ, TDS for TDY support and if they have any funding issues, due to shrinking budgets or other scenarios, have their legal administrator get a hold of me so we can discuss other avenues. If you have further questions please feel free to contact me at your convenience.

Sir,

As per the e-mail traffic below, a decision has been made I regards to your request for support by COL Bradley. MDW will take care of the costs associated with your TDY in support of this case. FYSA, I will be the approving official for all travel when using the US v. Manning LOA. Thus, if you have any questions please do not reach out to your command as they do not control the reviewing or approval processes with this LOA. The LOA is labeled "13 US v MAN" and it should be located under your CrossOrg accounting labels. The LOA is loaded already in your profile so you can schedule your travel at your convenience. Thank you.

Mr. Parra,

Please inform MAJ Hurley that COL Bradley spoke directly with COL Cullen about the ambiguity in the regulation, rather than waiting for MAJ Hurley to run this issue up through TDS channels. COL Bradley suggested that we will fund MAJ Hurley's travel under the circumstances of this case.

They agreed that a gaining organization would obviously not be responsible for travel costs incurred by a defense counsel who had been previously detailed, but that it was a policy decision on whether it would be better for USATDS to continue to be responsible after a PCS from USATDS or whether the burden should automatically shift to the convening authority as it would in the case where the IMC was not assigned to TDS when appointed.

Since the entire cost assessed for these court-martial proceedings will ultimately be analyzed and executed by the Army Budget Office IAW HQDA EXORD 206-11, it makes more practical sense to consolidate the costs at this Headquarters rather than require USATDS to submit a UFR for any extraordinary costs (i.e., a second non-TDS IMC detailed for this complex case) or require another IMC request to be processed through this GCMCA to determine "reasonable availability" from the perspective of the gaining organization.

Accordingly, please add MAJ Hurley to the line of accounting as quickly as possible to ensure he can complete any related travel without delay. As CPT Tooman remains assigned to TDS, his LOA remains at TDS. In addition, please make any necessary coordination with the TDS legal administrator as well.

Please contact me if you have any questions.

Gentlemen,

Below is the issue we discussed in regards to funding of TDS counsel in the case of US v. Manning. As far as the information you requested, MAJ Hurley was requested as an IMC in 25 April 2012. When the IMC request was approved by the CA he was part of TDS. MAJ Hurley was assigned to the Military Commissions on 2 July 2012. As far as CPT Tooman is concerned he was requested as an IMC but has never left TDS and is currently assigned to the TDS office at Ft. Belvoir.

CW2 Parra

I would direct your attention to AR 27-10, paragraph 6-5(b)(4). Therein, it is indicated that "convening authorities will continue to fund...the appearance of individual military counsel not currently assigned to TDS."

I don't mean to brag, and I don't mean to boast, but I qualify under both prongs of that regulatory language. (IMC'd in June - left TDS in July.) I would go farther and say that the CA should pay for the travel of both CPT Tooman and myself because we are both post-referral IMC requests that were granted by the CA. But CPT Tooman and TDS can work that out internally or with the CA or his designated rep (I'm guessing that's you).

Anyway. My SSN is 444-86-6197. Please tell me when it's loaded.

Thanks.

2/5 at 9am at Quantico it is. I need your security manager to pass clearances for you and Mr. Hall via JPAS utilizing SMO Code FBIDC for up to TS, and FBIDC2 if SCI will be discussed ASAP. Have you been down here before?

We are on the FBI Academy complex at MCBQ, in the Engineering Research Facility. Here are directions:
1) I-95S to exit 148 (Russell Road, Marine Corps Base)
2) Turn right at end of ramp onto Russell Road
3) Continue on Russell Road until you hit gate for entry onto Marine Corps Base.
4) Russell Road, once you get past the gate, will change names to MCB1.
5) Stay on MCB1. WATCH YOUR SPEED LIMIT - the Marine Corps Police are aggressive and unforgiving with respect to speed limits. Remain on the main road. You will pass a fire station on your left.
6) About 1400 feet after the fire station, the main road (MCB1) will change to MBC4 right after a clearing in the woods on your left. Remain on MCB4. Shortly after the change from MCB1 to MCB4 you will pass a maintenance yard on your left, and a shooting range and water tower on your right.
7) Shortly after that, you will come up to the road leading to the East Gate to the FBI Complex. You will see FBI

signs on the road. Turn right to the east gate. Provide your ID to the FBI Police officers in the booth.
8) After you clear the booth, make your second left onto J. Edgar Hoover Road.
9) Take that to the 2nd left and turn into the driveway. You should see signs for the Engineering Research Facility.
10) Go through the gate and drive toward the front door of the building. There are visitor spots right in front of the main door that you can park in. Go inside to security, and when you arrive, they will call me.

Mr. Hall has an IC badge. I do not.

My SSN is 444-86-6197.
Mr. Hall is cc'd on this email.

The SMO code we need to pass our clearances to is FBIDC for only TS information, is that right?

Thanks.

MAJ Hurley

2/5 at 9am at Quantico it is. I need your security manager to pass clearances for you and Mr. Hall via JPAS utilizing SMO Code FBIDC for up to TS, and FBIDC2 if SCI will be discussed ASAP. Have you been down here before?

We are on the FBI Academy complex at MCBQ, in the Engineering Research Facility. Here are directions:
1) I-95S to exit 148 (Russell Road, Marine Corps Base)
2) Turn right at end of ramp onto Russell Road
3) Continue on Russell Road until you hit gate for entry onto Marine Corps Base.
4) Russell Road, once you get past the gate, will change names to MCB1.
5) Stay on MCB1. WATCH YOUR SPEED LIMIT - the Marine Corps Police are aggressive and unforgiving with respect to speed limits. Remain on the main road. You will pass a fire station on your left.
6) About 1400 feet after the fire station, the main road (MCB1) will change to MBC4 right after a clearing in the woods on your left. Remain on MCB4. Shortly after the change from MCB1 to MCB4 you will pass a maintenance yard on your left, and a shooting range and water tower on your right.
7) Shortly after that, you will come up to the road leading to the East Gate to the FBI Complex. You will see FBI signs on the road. Turn right to the east gate. Provide your ID to the FBI Police officers in the booth.
8) After you clear the booth, make your second left onto J. Edgar Hoover Road.
9) Take that to the 2nd left and turn into the driveway. You should see signs for the Engineering Research Facility.
10) Go through the gate and drive toward the front door of the building. There are visitor spots right in front of the main door that you can park in. Go inside to security, and when you arrive, they will call me.

The way it's shaping up it looks like we'll need to set up the meeting for Tues, 2/5 at 0900 here at Quantico. Does that work for you preliminarily?

Also, SSA Alex Otte is now based in South Africa, but may be in DC in the next 2 weeks. Jeff Szczpanski has also transferred to Houston, but we can try to get him SVTC'd in.

I'm still trying to get the clearance info squared away.

Gents,

As you know, the defense had meetings scheduled this morning at 0900 and 1100 at the Department of State, and Mr. Hall had to cancel for a medical

issue and Mr. Ganiel, Mr. Boardman, and Mr. Prather are not available based on prior obligations. Do any of you know of anyone else who is a security expert that could fill in at the last minute to assist? They would need to be at the Department of State NLT 1050 for a 1100 meeting with AMB Kozak.

As for the material we marked, that information cannot be produced for delivery to the defense. This is the material that was and is available for inspection at the organizations. We just went out there to apply BATES numbers to the same documents to ensure they are properly tracked today and in the future. They are still at the organizations for inspection, throughout the entire trial.

I also have some additional reciprocal discovery production for you. In looking through our previous discovery production, I noticed that some of the open source information for the diplomatic cables was improperly marked. Instead of reproducing all of our previous discovery, I have simply given new BATES numbers to the cable open source. The new BATES numbers are (024742 - 027968). What would be the best address for me to mail this to you?

David,

1. BATES #s: 00523673 - 00523683 and 00523699 - 00523702 were hand delivered to MAJ Hurley on 18 October 2012, and delivered via FEDEX (Tracking # 7992 2437 8390) to the NWC on 19 October 2012.

2. As of last night, the United States produced discovery ends at BATES # 00526366.

3. Over the past week, the prosecution BATES stamped all the remaining documents that have been made available for inspection at the Department of State, ODNI, and OGA2, and their BATES #s are 00526367-527121. These are the same documents the defense counsel have reviewed, but we went back to add BATES #s to ensure they are accounted for in discovery.

4. The only information that has not been BATES stamped at this point is the Giglio / Jencks material we have for inspection, and we will work on having that stamped, and any new information we are working on producing.

David,

Our address is:

Office of the Staff Judge Advocate
ATTN: MAJ Fein
JFHQ-NCR and U.S. Army Military District of Washington
103 3rd Avenue SW, Building 32, Suite 100
Fort Lesley J. McNair, DC 20319-5058

As for the material we marked, that information cannot be produced for delivery to the defense. This is the material that was and is available for inspection at the organizations. We just went out there to apply BATES numbers to the same documents to ensure they are properly tracked today and in the future. They are still at the organizations for inspection, throughout the entire trial.

Thank you for tracking down this information for me. I appreciate the prompt response. When do you plan to send the information discussed in #3 below?

I also have some additional reciprocal discovery production for you. In looking through our previous discovery production, I noticed that some of the open source information for the diplomatic cables was improperly marked. Instead of reproducing all of our previous discovery, I have simply given new BATES numbers to the cable open source. The new BATES numbers are (024742 - 027968). What would be the best address for me to mail this to you?

Defense,

We did not hear back from you about the below list, except Josh added coordination issues with VADM Harward's office, and sent an email a few minutes ago asking for updates. Below are the updates:

BG(R) Carr - classified interview or not? [ANSWER: Yes. The information is classified]

Mr. Cindrich - 0900 on Thursday, 24 Jan 13 [ANSWER: Meeting occurred. We are tracking that he either voluntarily fills out a declaration or we will work with defense on a stipulation of expected testimony]

MajGen McKenzie - need updated contact info [ANSWER: It is our understanding that your email went through and the USMC OTJAG (equivalent) is coordinating to setup the interview]

Ms. Shupp - confused about her authentication testimony [ANSWER: She should not be confused any longer]

Mr. Szczepanski - need updated contact info [ANSWER: His contact information is accurate and he has moved to Houston]

SSA Otte & Mr. Rosecrans - have not returned calls [ANSWER: Your contact with the attorneys at the FBI will assist you with setting up interviews with each of these witnesses. It is our understanding that the FBI HQ CART attorneys are assisting you and will continue.]

Mr. Travieso - need updated contact info [ANSWER: Contact information provided is current. We confirmed by calling the same number]

LT Hoskins - need updated contact info [ANSWER: LT Hoskins is not on active duty any longer and can be reached at 559-308-4521]

VADM Harward - need assistance with locking down a firm date [ANSWER: We are working with the OSJA and his front office. I recommend locking in the date with all the other witnesses so there are no delays. Then you can separately lock down VADM Harward, especially because he travels and could be in the NCR between now and then. More to follow on locking down the date.]

CPT Tooman,

Good afternoon, Sir. I was wondering if you were able to make any headway with the Mount Image Pro Dongles? I am trying to clean up the hand receipt and any assistance you can provide would be greatly appreciated.

Thank you, Sir, and have a nice day.

CPT Tooman,

A Mount Image Dongle looks like a very small (about 1 inch long) USB stick on a nylon lanyard. The USB connector is a Mini-B type. They should have a rubber cap and sleeve on them, making them each about 1"x1/4"x1/4" rectangular sticks.

I have attached a picture in case I am over-describing it.

Thank you, Sir.

Good morning, Sir,

In an attempt to alleviate any possible confusion, I am a Paralegal NCO working for MAJ Fein.

I am emailing you in regards to a pair of Dongles that TDS has signed for from us. MAJ Kemkes originally signed for them, and CW2 Parra told me that you may have taken all of the equipment with you when you were brought onto the case.

If you could verify that you are in possession of the Mount Image Dongles, and their numbers (M06, M08), I would greatly appreciate it.

Thank you, Sir.

In addition, we are having a hard time getting a firm date with VADM Harward. We've been given a range of 12-14 FEB, but I have been unable to get a date confirmed with his POC. Obviously, he has the tightest schedule of the CENTCOM folks and is the linchpin for us getting all the other folks down there scheduled. So far the others are available (excepting LT Hoskins and Mr. Travieso, with whom we have not spoken and which you are tracking), but I am concerned that their schedules will start to fill up.

Josh,
I have US v Brown at Fort Campbell starting Monday 4 February, and I'll need to be there at least one day early to brief the attorney. I don't know that even if I had a few hours on Saturday I could get done what I need to do.

Sir

I am available over the weekend. The following Monday we have interviews in the morning at the Department of State, but am available in the afternoon.

Trent, are you able to stay through knock this out over the weekend or at the beginning of the following week?

Thanks,

There seems to be a scheduling problem for the Prosecution Security Experts (SME), to support next week visit for the forensics. If they are unable to provide support, recommend we reschedule at a later date determined by Defense/Prosecution leadership.

The Defense Security Matter Experts (SME), are prepared, to provide support for the forensic piece.

David,

The mail the PFC BM receives at the JRCF will start getting forward to the Commander and the unit will collect it. The mail will then be taken to PFC BM during command visits. This will alleviate the issue of having to forward any mail from now on to and from different locations and ensure PFC BM receives his mail no matter where he is housed.

At this point with such short notice we can get the infrastructure set for the end of the week, but I do not think Mr. Prather is available the second half of the week. What about the weekend or following Monday?

There seems to be a scheduling problem for the Prosecution Security Experts (SME), to support next week visit for the forensics. If they are unable to provide support, recommend we reschedule at a later date determined by

Defense/Prosecution leadership.

The Defense Security Matter Experts (SME), are prepared, to provide support for the forensic piece.

Thanks

All,

Good morning. I think there is confusion on the requirements. Subject to the government's discovery production letter, dated 3 August 2012, and the Court's order dated 8 Nov 12, only the forensic review of the files provided on a separate laptop must be supervised by Mr. Prather and a defense security expert.

The prosecution currently has possession of the laptop and will coordinate with Mr. Prather to make the laptop available on the preferred day. The laptop has the digital images and the software already installed and ready to go. The analysis must occur in a SCIF, which the prosecution will find and pre-clear for the laptop's entrance and visitor access for the defense forensic experts; however the defense will need to escort the defense forensic experts because they do not have TS clearances.

Please let us know what date so we can start coordinating because this will take a few days to obtain the authorizations. Thank you!

Josh,

We need more than 2 duty days to coordinate the SCIF and the entrance requirements. We will start working on getting the location and other administrative issues resolved, but I highly doubt we can have all that by Monday, especially considering the witness travel is not coordinated yet. Is Trent Struttmann the only one coming?

All,

Good morning. I think there is confusion on the requirements. Subject to the government's discovery production letter, dated 3 August 2012, and the Court's order dated 8 Nov 12, only the forensic review of the files provided on a separate laptop must be supervised by Mr. Prather and a defense security expert.

The prosecution currently has possession of the laptop and will coordinate with Mr. Prather to make the laptop available on the preferred day. The laptop has the digital images and the software already installed and ready to go. The analysis must occur in a SCIF, which the prosecution will find and pre-clear for the laptop's entrance and visitor access for the defense forensic experts; however the defense will need to escort the defense forensic experts because they do not have TS clearances.

Please let us know what date so we can start coordinating because this will take a few days to obtain the authorizations. Thank you!

Ambassador Galbraith,

Good morning. I am the lead prosecutor for the U.S. Army court-martial of Private First Class Bradley Manning. The defense identified you as a witness in this case and informed the Court that they request to share certain classified information with you during your testimony. In furtherance of this, it is the prosecution's responsibility to process U.S. Government security clearances and access requests for you to potentially access classified information.

To process you for a security clearance, we must have the following information: Full Name, Social Security Number, Date of Birth, Place of Birth, Country of Citizenship, email address, and telephone number. This information will not be shared with anyone other than U.S. Government security personnel that need this information to process you for a security clearance. This information will be used to process the initial request for access to the security questionnaire system. Once this request is approved, you will then be required to complete an online security clearance questionnaire that will be used as part of your comprehensive background investigation to determine your eligibility.

If you have any questions, please contact me or Chief Warrant Officer 2 Arthur Ford at 202-685-1975 or via this email.

Thank you.

Respectfully,

Major Fein

Sir

Our forensics guys are coming next week, Monday-Friday. We can accommodate whatever day works best for Mr. Prather. Will Mr. Prather bring the evidence or do you want me to come pick it up in advance?

Thanks,
Josh

Josh,

The review of the one laptop with three digital images requires Mr. Prather being present according to the Court's order. Once you figure out the date, we will coordinate for the facility and to have the laptop brought to the location.

CPT Overgaard,

Mondays and Tuesdays are busy days at CALL. We've shifted things a bit with the MLK Jr. Day Holiday.

I am available:

Wednesday Jan 23, 1200--1500 EST.
Thursday Jan 24, 0800--1500 EST.

I can't go past 1500 EST.
Can you ask all involved to keep this meeting to one hour?
Please pass on my note.

Thanks,

The review of the one laptop with three digital images requires Mr. Prather being present according to the Court's order. Once you figure out the date, we will coordinate for the facility and to have the laptop brought to the location.

Sir,

Your accounting of our phone conversation is accurate. I have copied MAJ Fein, the lead prosecutor, to help us understand what classified information can be discussed in our interview and what, if any, will be the substance of your testimony at trial. The defense has been told that you will discuss classified information.

On location - I have a conference room just outside my office that is available for our meeting. But I have no problem going to DIA if that would be easier.

Look forward to meeting you in a week.

MAJ Hurley,

Per phone conversation.

This is a good e-mail address for me.

I have blocked 0900 - 1030, Friday, 25 Jan 13.

Will stand by for clarification on a location --- albeit, looking at Rosslyn or Bolling AFB at this time.

And need a determination on the Classification level for the discussion.

The number for LT Hoskins does not have voicemail. I am, thus, at the mercy of whether or not he picks up an unknown number.

Angel,

Just let me know once you have the dates. On a side note, can you send me copies of COL Lind's rulings from our last session? Thank you.

Best,
David

Sir,

Your accounting of our phone conversation is accurate. I have copied MAJ Fein, the lead prosecutor, to help us understand what classified information can be discussed in our interview and what, if any, will be the substance of your testimony at trial. The defense has been told that you will discuss classified information.

On location - I have a conference room just outside my office that is available for our meeting. But I have no problem going to DIA if that would be easier.

Look forward to meeting you in a week.

MAJ Hurley,

Per phone conversation.

This is a good e-mail address for me.

I have blocked 0900 - 1030, Friday, 25 Jan 13.

Will stand by for clarification on a location --- albeit, looking at Rosslyn or Bolling AFB at this time.

And need a determination on the Classification level for the discussion.

INSTRUCTIONS FOR PREPARING AND ARRANGING RECORD OF TRIAL

USE OF FORM - Use this form and MCM, 1984, Appendix 14, will be used by the trial counsel and the reporter as a guide to the preparation of the record of trial in general and special court-martial cases in which a verbatim record is prepared. Air Force uses this form and departmental instructions as a guide to the preparation of the record of trial in general and special court-martial cases in which a summarized record is authorized. Army and Navy use DD Form 491 for records of trial in general and special court-martial cases in which a summarized record is authorized. Inapplicable words of the printed text will be deleted.

COPIES - See MCM, 1984, RCM 1103(g). The convening authority may direct the preparation of additional copies.

ARRANGEMENT - When forwarded to the appropriate Judge Advocate General or for judge advocate review pursuant to Article 64(a), the record will be arranged and bound with allied papers in the sequence indicated below. Trial counsel is responsible for arranging the record as indicated, except that items 6, 7, and 15e will be inserted by the convening or reviewing authority, as appropriate, and items 10 and 14 will be inserted by either trial counsel or the convening or reviewing authority, whichever has custody of them.

1. Front cover and inside front cover (chronology sheet) of DD Form 490.

2. Judge advocate's review pursuant to Article 64(a), if any.

3. Request of accused for appellate defense counsel, or waiver/withdrawal of appellate rights, if applicable.

4. Briefs of counsel submitted after trial, if any (Article 38(c)).

5. DD Form 494, "Court-Martial Data Sheet."

6. Court-martial orders promulgating the result of trial as to each accused, in 10 copies when the record is verbatim and in 4 copies when it is summarized.

7. When required, signed recommendation of staff judge advocate or legal officer, in duplicate, together with all clemency papers, including clemency recommendations by court members.

8. Matters submitted by the accused pursuant to Article 60 (MCM, 1984, RCM 1105).

9. DD Form 458, "Charge Sheet" (unless included at the point of arraignment in the record).

10. Congressional inquiries and replies, if any.

11. DD Form 457, "Investigating Officer's Report," pursuant to Article 32, if such investigation was conducted, followed by any other papers which accompanied the charges when referred for trial, unless included in the record of trial proper.

12. Advice of staff judge advocate or legal officer, when prepared pursuant to Article 34 or otherwise.

13. Requests by counsel and action of the convening authority taken thereon (e.g., requests concerning delay, witnesses and depositions).

14. Records of former trials.

15. Record of trial in the following order:

a. Errata sheet, if any.

b. Index sheet with reverse side containing receipt of accused or defense counsel for copy of record or certificate in lieu of receipt.

c. Record of proceedings in court, including Article 39(a) sessions, if any.

d. Authentication sheet, followed by certificate of correction, if any.

e. Action of convening authority and, if appropriate, action of officer exercising general court-martial jurisdiction.

f. Exhibits admitted in evidence.

g. Exhibits not received in evidence. The page of the record of trial where each exhibit was offered and rejected will be noted on the front of each exhibit.

h. Appellate exhibits, such as proposed instructions, written offers of proof or preliminary evidence (real or documentary), and briefs of counsel submitted at trial.
